

PRODUCT INFORMATION SHEET

GUM NUTS

Economical Eucalyptus Laundry Powder

FEATURES & BENEFITS

- Gum Nuts is an economical laundry detergent suitable for use in top or front loading washing machines. Gum Nuts is a free flowing white powder with a fresh eucalyptus fragrance.
- Gum Nuts combines good performance in hard or soft water with a very competitive price.
- Gum Nuts contains water softening agents, alkaline builders, anionic and non-ionic detergents for good all round performance. It does not contain any in built bleach so can be used with chlorine or oxygen bleaches.
- **Gum Nuts is a low to medium foam product and can be used in top loading or front loading washing machines. It is suitable for use in domestic or commercial washers.**

HOW & WHERE TO USE

- In a medium sized top loader, around 5kg capacity use from $\frac{1}{3}$ to $\frac{1}{2}$ cup. Add a little extra for heavy soiling, or an extra large load.

For front loaders use at a rate of $\frac{1}{4}$ cup per 5kg capacity.

- Gun Nuts is also suitable for hand washing. Use from $\frac{1}{8}$ cup in a bucket to $\frac{1}{4}$ cup in a laundry trough. Wear rubber gloves if you have sensitive skin.

Do not use on wool or silk. For these fabrics we recommend Chesser Woolly Wash.
