

RTU
Ready To Use Sanitiser
for Food Preparation Areas
Active ingredient: Quaternary ammonium compound

FEATURES

- RTU is ready to use so it is always at the correct dilution. No more residues left on surface from the use of concentrated solutions.
- RTU contains a blend of sanitiser, detergent and a solvent. The solvent assists in rapid drying and a streak free finish.
- RTU can be used as a spray and wipe cleaner/sanitiser for very lightly soiled surfaces, or sprayed over clean surfaces as a leave on sanitiser.

Surfaces should be clean and free of major food soiling before applying RTU
Contains 200 ppm Quaternary ammonium compound

HOW & WHERE TO USE

- Use RTU on all surfaces in kitchens and other food preparation areas. Remove any heavy soiling, then spray over surfaces and wipe off.
- RTU is ideal for work surfaces, fridge and microwave doors and handles, chopping boards, food mixers, meat slicers etc.
- For critical surfaces such as chopping boards, clean thoroughly, then spray with RTU and leave to act for at least 10 minutes. For maximum effect spray at end of day and leave overnight.

PACKAGING

5 Litre, 25 Litre and 200 Litre drums.
