Note:

CHESSER CHEMICALS Pty., Ltd. provides the information submitted in this Product Information Sheet based on our current knowledge and experience. In view of the many factors that may affect processing and application, these data do not relieve users from the responsibility of carrying out their own tests and experiments; neither do they imply any legally binding assurance of certain properties or of suitability for a specific purpose. It is the responsibility of those to whom we supply our products to ensure that any proprietary rights and existing laws and legislation are observed.

Product: SATELLITE VANILLA WOODS

SATELLITE VANILLA WOODS is a Sanitiser Cleaner with outstanding Deodorising Ability.

FEATURES

- SATELLITE Vanilla Woods Sanitiser contains a long lasting fragrance containing vanilla and woody fragrance notes. These fragrance types are well known for their excellent deodorising ability and long lasting effect. The high level of fragrance used in the product ensures outstanding deodorising.
- SATELLITE VANILLA WOODS is a multi functional product that cleans, sanitises and deodorises in one operation.
- SATELLITE VANILLA WOODS is safe to use on any washable surface.

HOW & WHERE TO USE

- Vanilla Woods Sanitiser is recommended for use in hotels, motels, nursing homes, caravans, bars etc. It leaves a long lasting deodorant effect so the room smells clean and fresh in the evening, after cleaning in the morning.
- Use at a dilution of 1:50 (½ cup in 6 litres water) to mop large areas. Or as a spray & wipe cleaner use at dilution of 1:10 (50ml in a 500ml trigger spray).
- Do not mix any soap, detergent or other chemicals with the product or deactivation of the Sanitiser may occur.

No Touch – No Spill System

A system of colour coded interlocking caps and dip tubes that are free from leaks and protect the operators from contact with dangerous chemicals.

SAFETY AND FIRST AID

HAZARDOUS according to the criteria of the Globally Harmonised System of Classification and Labelling of Chemicals (GHS).
